## GUNNEBO USA

# Providing a Safer Future

Gunnebo is a global leading security provider offering products, solutions, and services within cash management, entrance security, electronic security and safes, vaults, and doors. A fully integrated approach covering research and design, manufacturing, and after-sale service allows for a complete solution from a single source.

## Core Product Offering

### Cash Management

Intelligent cash handling solutions designed to reduce the time spent on cash handling, improve efficiencies in the cash cycle, and make the whole cash management process more secure.

*Solutions: Cash Deposit, Note & Coin Recycling, Cash Management Software, Drive-up Banking Systems*

### Entrance Security

Solutions designed to regulate and control the flow of people, detect weapons and ammunition, and resist bullets. Also includes ticket control for mass transit systems and airport gates for fast boarding, immigration control and security checks

*Solutions: Speed Gates, Turnstiles, Security Vestibules*

### Safes & Vaults

High-quality safes and vaults, UL certified to resist burglary, fire, and explosives. Government Class 5 and Class 6 rated security containers. Sold under leading brands such as Hamilton Safe and Chubb safes.

*Solutions: UL Certified TR/TL Safes, GSA Certified Manufacturer, Composite Safes, Vaults & Doors*

### Electronic Security

Solutions for remote surveillance, asset tracking, access control, intrusion detection, electronic locking, and 24/7 security monitoring.

*Solutions: Electronic Article Surveillance, CCTV, Security Cameras, Access Control, Intrusion Detection*

### Security Services

Product lifecycle services including corrective, preventive, and performance maintenance, and upgrades and retrofitting. In addition, remote monitoring for retail cash handling processes, alarm systems, and surveillance networks.

*Solutions: Security Monitoring, Security Maintenance, Security Audit*
