

SafeRecycling TCR7 & R7 Cleaning Cards

Our new **Waffletechnology®** **Cleaning Cards** for the TCR7 and R7 provide a proactive cleaning regimen to increase operational uptime and extend the life of the recyclers, while reducing service calls and repairs.

Benefits

- Keeps modules & bill path clean
- Improves operational uptime
- Reduces transaction errors and failure
- Helps to reduce note jams
- Maintains high quality image scans and reads
- Reduces rate of rejected bills
- Eliminates costly repairs
- Extends the life of recyclers
