

# SafeRecycling TCR7 – New Design!

The SafeRecycling TCR7 is newly designed and includes additional features to help you drive more business!

## New Design

- UL-291 safe rating, will no longer support CEN design
- New color scheme
- Reduced width by 3.7" (now 17" wide)
- All sheet metal, no plastic vacuumed-formed parts
- 10.1" touch screen - largest screen in the industry!
- Power and data connection moved within the top cover - no longer external
- New design Cash Slot cover
- New I/O board provides more options with different LED's
- New design does not require any software changes
- Improved outer door-locking mechanism - no longer using magnets

**Questions:** Contact Michael Falk at 513.874.3733 or [michael.falk@gunnebo.com](mailto:michael.falk@gunnebo.com)

## TCR Additions

- We will drive the coin dispenser on certain middleware software
- Serial number tracking on robbery dispense - will hold 5 robbery dispenses
- March Searchlight integration - track and record TCR interactions
- New Cleaning cards and kits available
