

# TCR7 New Software Version Using Benchmark CashWare

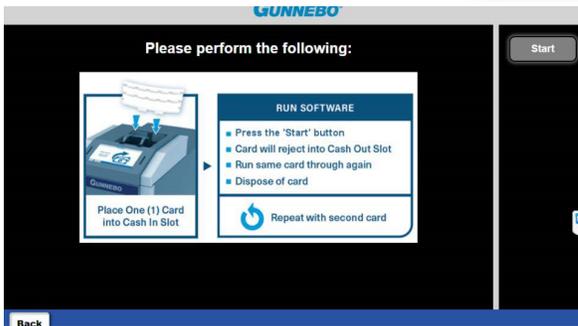

## Onboard Video Tutorials

Tutorials on the screen help and guide users on how to perform basic functions, such as restarting the unit and clearing note jams.

## Optional Inventory Screen

Displays live inventory of the TCR7 on the main screen:

1. Available funds
2. Operational cassette funds
3. Total cash inventory

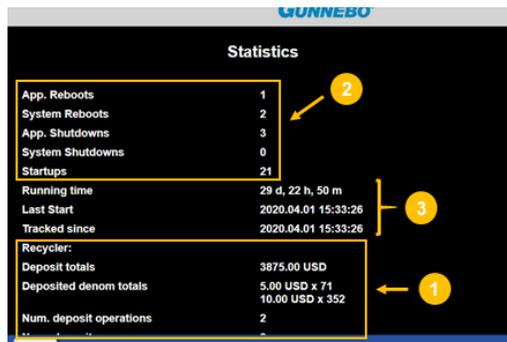

## Cleaning Card Function

Clean icon is located on the main screen. Clean function is initialized from the TCR7 screen.

## Statistics Reports

Details about:

1. Deposits - no. of bills accepted and rejected
2. Jam rates, startups, reboots and shutdowns
3. System run times, last starts and more

# CASH RECYCLING
