

Gunnebo Introduces Cash Management Solutions for U.S. Retail Markets

CINCINNATI, OH (June 7, 2016) – [Gunnebo US](#), a sales company of The Gunnebo Group and leading provider of cash management solutions that improve business efficiency, increase store security and boost cash flow, announced today its launch of innovative cash management solutions for U.S. retail markets.

“Retail businesses enjoy the ease of cash payments. Without transaction fees and Internet dependency, cash is fast and simple; however, cash does bring about other business challenges,” said Gunnebo’s Vice President of Cash Management, Carlos Massa. “Whether dealing with depositing, counting or recounting cash, reconciling bills, transporting cash, or tracking cash interactions across locations, the process of handling and protecting cash is arduous for retailers. That’s why Gunnebo has pioneered the concepts of complete cash management and the connectivity of ‘smart’ safes to banks, cash-in-transit (CIT) companies, and other third party management and processing centers.”

Gunnebo’s cash management solutions automate the cash-handling process. The solutions range from simple single note validators mounted under counters to more complex devices that will accept and dispense multiple denominations of notes and coins at the point-of-sale or in the back office. Notably, Gunnebo’s cash management solutions can be configured specifically for each customers’ unique business needs.

“For the first time, U.S. retailers can choose from a complete line of Gunnebo cash management solutions to automate the handling and processing of cash within their business,” adds Massa. “We are excited to deliver critical cash management intelligence that will help retailers increase efficiencies, improve overall cash flow, and mitigate risk exposure from loss or theft.”

The company will be showcasing its cash management solutions at the upcoming NRF Protect Loss Prevention Conference and Expo (booth #717) June 14-16, 2016 in Philadelphia.

With worldwide headquarters in Gothenburg, Sweden, Gunnebo has sales companies in 32 countries across Europe, the Middle East, Africa, Asia-Pacific, and the Americas. Gunnebo is listed on the Swedish Stock Exchange.
